Career Objective

Motivated B.Tech Computer Science student with strong problem-solving abilities and a keen interest in software development. Eager to apply technical skills in real-world projects and continuously learn in a dynamic and growth-oriented environment.

Education

B.Tech in Computer Science Engineering
Amity University, Jharkhand (2023 – 2027)
CGPA: 6.9

Class XII (Senior Secondary)
Gossner College (2021 – 2023)

Projects

Movie Ticket Booking System

- Developed a Java-based application using Object-Oriented Programming (OOP) concepts
- Implemented seat selection, booking management, and user interaction
- Focused on efficient data handling and modular design

Technologies: Java, OOP

AI-Based Healthcare Solution

- Designed an AI-powered system to enhance disease diagnosis and patient care
- Applied basic machine learning concepts to improve prediction accuracy
- Focused on solving real-world healthcare challenges

Technologies: Machine Learning (Basics), Data Processing

Technical Skills

- **Programming Languages:** C, C++, Java
- **Web Technologies:** HTML, CSS, JavaScript
- **Core Subjects:** Data Structures & Algorithms, OOPS, Operating Systems, DBMS
- **Database:** SQL
- **Tools:** Git (Basic), VS Code

Achievements

- Completed certification in Database Fundamentals: Database Concepts
- Participated in college-level debates and tech competitions
- Actively practicing Data Structures and Algorithms for placement preparation

Soft Skills

- Problem-Solving Ability
- Analytical Thinking
- Teamwork
- Communication Skills

Work Philosophy

I aim to learn quickly, apply concepts practically, and contribute meaningfully while continuously improving my technical and problem-solving skills.
